DINING EQUIPMENT

GUIDE TO PROVIDING EQUIPMENT
FOR YOUR DINING EVENT

W N D M DINING EQUIPMENT

So that our food and service can be at its best, please see below preferences for provided equipment

CROCKERY SIZING

Side plate - no larger than 170mm
Entree plate - no smaller than 200mm
Main plate - no larger than 270mm

CUTLERY

Please add in an additional 2 x sets of cutlery to the key below in case a guest drops a piece of cutlery and requires a replacement urgently

LINEN TABLECLOTHS

A lot of beautiful large tables require the tablecloths to be turned sideways so that the width of the table is covered. We recommend measuring the table and considering if you would like the cloth to hang 30cm over the edge or to the floor. Please also allow for the cloths to overlap by 5cm

LINEN NAPKINS

We suggest having at least 2 additional napkins on hand in case a guest drops theirs and needs it replaced
